Demonstration: Demonstrate using trial 1 of Level A.

Discontinue Rule: Discontinue any item after 24 minutes or 15 attempts.

Timing: Trainer should say "Go ahead" or something to indicate the start of the trial to the participant and start timing at the point (rather than waiting for patient to place a Fripple in a room.)

*Participants should be discouraged from clicking twice on the "Check it" button, which will inform them which Fripples are incorrectly placed. Count correctly placed Fripples at the time when the participant first clicks on the "Check it" button (i.e., if they self-correct an error, before clicking on "Check it", it does not count as incorrect.)
